## MOBILE & FULLSTACK DEVELOPER

Experienced Mobile App Developer with over 3 years of expertise in designing, developing, and launching iOS and Android applications. Currently transitioning into Fullstack Development, with hands-on experience building and deploying Node.js APIs and SQL databases. Proven ability to optimize app performance, integrate backend services, and implement secure and scalable architectures. Passionate about user-centered design and continuously improving digital experiences through innovation and best practices.

## TECHNOLOGIES

- **Frontend & Mobile**  
Java (Android) · Kotlin · Swift · React Native · React JS · Redux · Android Studio · Xcode · MUI · HTML · CSS
- **Backend & Fullstack**  
Node.JS · Express.js · REST APIs · SQL · MySQL · Electron · Typescript · Apollo · GraphQL
- **Tools & Other**  
Postman · GitHub · Bitbucket · BLE (Bluetooth Low Energy) · Firebase Auth

## WORK EXPERIENCE

### Garnet Technology

Feb 2021 - May 2024

#### Mobile Developer

- Developed and launched two mobile applications, increasing daily active users by 30 percent through UI/UX enhancements.
- Optimized API calls, reducing average load times by 40 percent and enhancing real-time data synchronization.
- Implemented BLE connectivity, enabling seamless interaction with IoT devices and expanding product capabilities.
- Managed deployments to the App Store & Google Play, maintaining a 100 percent approval rate.
- Collaborated with cross-functional teams, ensuring product alignment with user needs and business objectives.

#### Initiated transition to Fullstack:

- Developed and deployed personal Node.js + TypeScript APIs using SQL databases.
- Gained hands-on experience with API architecture, authentication (Firebase), and deployment (Render, Railway).
- Built fullstack personal projects integrating React Native frontends with custom backends.

## EDUCATION

### Intensive Course in Web Development

UTN, Argentina - Intensive 3-month course, 2021

*This foundational training provided essential skills and contributed to a strong understanding of frontend technologies, which complements current expertise in mobile development.*

### Electromechanical Technician Diploma

Instituto tecnologico San Bonifacio, 2017

## LANGUAGES

**Spanish** - Native

**English** - B2
